All shot frames have detailed drawings and are colored. Time and effort were evident in the quality of the drawings. Special extras were added like streams of light and bubbles.	All shot frames have some detailed drawings and some color. Some time and some effort were put into these drawings. There are some special extras like streams of light and bubbles added.	All shot frames have simple drawings and very little color, if any. These drawings look like a rough sketch without any sort of detail. No special extras like streams of light or bubbles have been added.	Some shot frames do not have a drawing in them and no color is used. Sloppy drawings showing no time or effort were put into these drawings. No extras are included.
The dialogue, action and fx boxes are filled out in-full. Creative, "spicy" and descriptive words have been used.	The dialogue, action and fx boxes are filled out in full. Some creative, "spicy" and descriptive words have been used.	The dialogue, action and fx boxes are mostly filled out. Very few descriptive words have been used.	The dialogue, action, and fx boxes are not filled out at all or are largely left blank. No descriptions have been used. No evidence or inferences cited.
Evidence and inferences from the E vs. I worksheet has been cited.	Some evidence and inferences may be mentioned but not cited.	One or less evidences or inferences cited.	No evidence or inferences cited.
