

Rounding Numbers

(Tune: Frere Jacques)

Rounding numbers

Rounding numbers

Check, check, check

Check, check, check

Find the place you need to round

Look one place right – check it out.

Five or more – watch it grow.

Zero to four – keep it low

Round that digit – like a pro

After that in every place

Zero takes the digit's space

Check, check, check

Check, check, check.
